

HOWARD STREET SNOW QUEEN

DECEMBER 2019- MARCH 1 2020

HOWARD STREET WINTER BEAUTIFICATION
CLARK & HOWARD TO THE LAKE
VACANT STORE FRONTS AND BUSINESSES.

Adapted from Hans Christian Anderson's *The Snow Queen*.

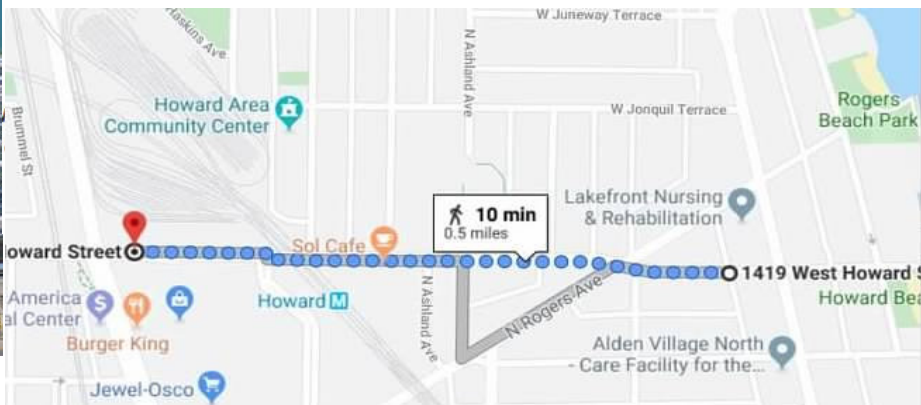

WALKING BOOK

1 MILE (1/2 mile loop)

North and South sides of HOWARD

OPENS EARLY JANUARY ENDS MARCH

Hello-

I am an artist and web developer and have lived North of Howard for 11 years with my husband and 11 year old daughter. I am proposing a walking book of Hans Christian Anderson's tale, *The Snow Queen* to beautify Howard Street this winter and promote literacy. I would be available to do this as well as organize any volunteers if needed.

All businesses are welcome to join. I would create a wordpress site and flyers for January launch as well provide digital maps for the walking book tour when ready for public.

Creation completion early January. March 1-6 all windows will be cleaned.

Materials used would be printed paper, recycled paper cut snowflakes, paint, select props and lighting. When Painting on glass, paint tape and drop clothes will be used.

I have setup a shutterfly site to organize content, document visual references, and share ideas. Please send an email and I will invite you to this share site.

I would only need one store front to start. Ideally this first week of December. I see opportunities to include schools and other organizations in supplying cut snowflakes or other... This shutterfly site will provide scheduling as well as send auto reminders to members for scheduled events. You can still participate and get your windows decorated for the holidays if you don't want to use the shutterfly site. Give me a call and schedule your winter window cheer.

Peace and Joy to all-

Thank you-
